Relocating abroad raises a number of personal and corporate tax challenges, especially if your company is involved. We will help you navigate both Czech and international tax system, identify tax effective solutions for you and your family, and manage all obligations with the relevant Czech and foreign authorities.

- **Arrival meeting:** Before or upon arrival in the Czech Republic, a face-to-face meeting with an expert is arranged to explain the tax implications of living and working in the country. Key topics include tax residency, worldwide income, registration, payment and notice obligations towards the Czech tax and social security authorities.
- **Departure meeting:** Before leaving the Czech Republic, a face-to-face meeting with an expert is arranged to explain the tax implications of staying and working abroad. Key topics include tax residency, worldwide income, registration, payment and notice obligations towards the Czech and foreign tax and social security authorities.
- **A tax efficient structure** for international assignments beneficial for both the employer and employees.
- **A tax efficient remuneration structure** based on Key Performance Indicators (KPI) and other metrics.
- **A tax efficient employee benefit structure** including stock option plans, housing, cars, premium health care, relocation expenses etc.
- **A tax equalization structure** to ensure expats do not bear any additional tax burden during the duration of their assignment.
- **Representation before Czech tax and social security authorities**, arranging all necessary registrations, reporting obligations etc.
- **Payroll processing:** complex processing of employee payrolls with international elements.
- **Preparation and filing Personal income tax as well as social security filings** to the Czech authorities.
- **Coordination of international tax position** of the individuals through our membership in the Moore Stephens international advisory networks.
- **Arranging suitable commercial health insurance program** for you and your family.
- **Tax structuring** of individual's other income such as rental income from abroad, dividend income, or **the use of personal companies**.
